MSc in Data Science
Applications deadline: 9 September 2022
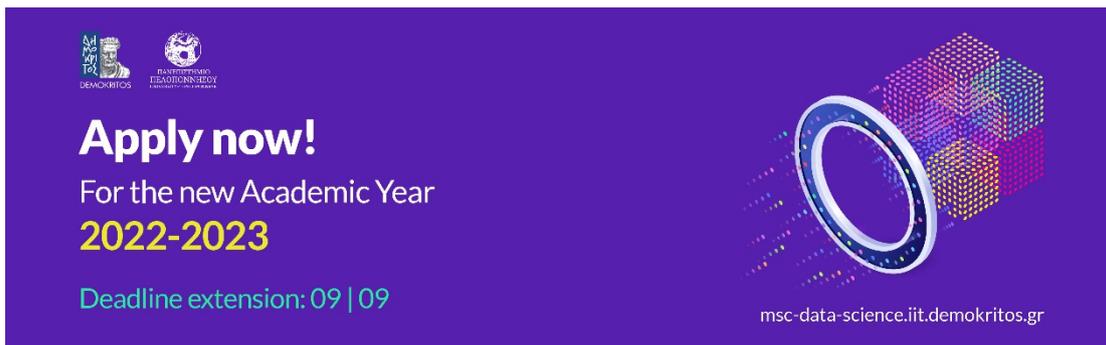

The **MSc in Data Science** accepts applications for the academic year 2022-2023 from graduates of University Departments in STEM education or other relevant specialties.

The Master's program is the result of the collaboration between the **Institute of Informatics & Telecommunications of the National Centre for Scientific Research Demokritos (NCSR Demokritos)** and the **Department of Informatics and Telecommunications of the University of the Peloponnese**.

The MSc in Data Science is a master program that strives to connect academic knowledge and business practice. One of the initiatives undertaken towards this direction is the Qualco Scholarships, in the context of the NCSR D–Qualco Fellowship programme. Learn more about the master theses scholarships here: https://msc-data-science.iit.demokritos.gr/news/qualco-scholarships

Candidates are invited to submit their application by **Friday 9th of September 2022.**

Submit your application electronically: https://msc-data-science.uop.gr/apply/
